# Education Foundation

Through the help of our friends and supporters, the CIBPA Education Foundation has played an important role in deepening opportunities for Canadians of Italian heritage, as well as non-Italians enrolled in Italian studies curriculums.

The National Federation of CIBPA's, with 10 registered chapters throughout Canada, is proud to say that it has distributed over **\$5 million** to students of Italian heritage or students in Italian studies.

Our goal for the Greater Toronto Area is to raise and distribute **\$2 million** for bursaries and scholarships, strengthening and continuing our commitment to supporting the future leaders of our community through this initiative. We are pleased to announce that since its inception, **the Foundation has distributed an estimated \$1.2 million to over 1,000 students.** We need another \$800,000 to achieve our \$2 million goal. On behalf of the CIBPA Education Foundation, we would like to thank you for your generous support.

## The NextGen Award

At the CIBPA, we recognize and celebrate creativity and innovation by highlighting the amazing things young people are accomplishing and inspiring others to do the same.

The NextGen Award Recipient demonstrates conviction, dedication, and a relentless pursuit of personal and professional excellence through their engagement, advancement, and influence in our community.

The occasion will acknowledge and applaud the exceptional accomplishments of one nominee who has positively impacted those around them. By celebrating the success of the next generation and supporting their aspirations, we can create a brighter future for all.
